

## NEW PRODUCT INTRODUCTION

**Date:** July 2009  
**From:** Michael Franz - Sr. Product Manager  
**Re:** SWRx Collection - **Titmus SW06E**

The SWRx Collection has been our fastest growing product line since its introduction in 2004, and we are excited to introduce our latest design: the **Titmus SW06E** with *extended* side coverage for extra protection.

The SWRx Collection is known for its distinctive styling and outstanding performance, including:

- Innovative styles that sell.
- Rugged construction with durable and trouble-free performance.
- The “wrapped” look in Rx frame products.

The **Titmus SW06E** boasts a winning combination of features for exceptional performance and aggressive styling that wearers love:

- Nylon-based material withstands high heat and retains its shape for superior comfort.
- Completely dielectric, no metal content enables use in electrical environments.
- *Extended* side shield provides excellent coverage and superior protection.
- Increased face form for that popular “wrapped” look.
- Replaceable dust dam and multi-sized nose pads for a customized, comfortable fit.
- Meets ANSI Z87.1-2003
